

Conversations in Ethics:

Reproduction and Ethics

A Continuing Medical Education Course
Presented by the Baptist Health Bioethics Department

Online Conference | 1 Cat. 1

Wednesday, September 13th, 2023

12:00 p.m. to 1:00 p.m. EDT

The Conversations in Ethics lecture in September will cover different viewpoints on various ethical issues in the practice of uterus transplant, including ex vivo folliculogenesis from ovarian perfusion and in vitro derivation of gametes from skin cells.

Faculty

Pasquale Patrizio, M.D., MBE, HCLD, FACOG

Professor, Obstetrics, Gynecology, Reproductive Sciences

Chief, Division of Reproductive Endocrinology & Infertility
University of Miami Miller School of Medicine

Target Audience

Physicians, Physician Assistants, Nurse Practitioners, Nurses, Social Workers, Respiratory Therapists, Clinical Chaplains, Pharmacists, Medical Students, Registered Dietitians and other interested healthcare professionals.

Learning Objectives

- Discuss the practice of elective egg freezing and the “peer/societal pressure” on young women.
- Recognize the ethical issues in the practice of uterus transplant.
- Identify new technologies for producing gametes, namely ex vivo folliculogenesis from ovarian perfusion and in vitro derivation of gametes from skin cells.

Preregistration is required.
